

IFA Conferences 2016

Continuing to raise professional standards and knowledge

Of the delegates who attended last year, 99% stated they would attend again this year and 95% stated they would invite a colleague in the future. We expect demand to be high!

This year's conference programme will provide delegates with technical updates and insightful information on "hot" topics. Additionally, the conference provides 7 hours CPD, great networking and peer engagement opportunities.

MIDLANDS WEDNESDAY 26 OCTOBER
